Our 'Green' Environmentally Friendly Coffin Selection

Willow Coffins

Our Cromer and Highsted Willow coffins are handcrafted from the sustainable willow using traditional methods. The willow is woven onto a self-supporting frame, which gives the coffins exceptional strength whilst at the same time remaining incredibly light. These coffins are manufactured in the EU using cottage industry methods, in which people work in their own homes to create these products. The round ended Cromer and the traditional shaped Highsted both come in two different colours (light and natural).

Willow Highsted £ 595
(Traditional – natural finish)

Willow Cromer Light £ 605
(Round ends - light - available in natural finish)

Willow Teardrop £ 605
(Rounded ends - teardrop shape)

Bulrush & Willow Teardrop £620
(Rounded ends - teardrop shape)

Bamboo Coffins

Our bamboo coffins are handmade in the traditional style, woven from sustainable split bamboo, manufactured in China. As the fastest growing plant on the planet, Bamboo is a highly sustainable and renewable material and one of the most environmentally friendly.

Bamboo Eco £ 505
(Traditional – natural finish)

Bamboo Eco Round £ 505
(Round ends light – available in natural finish)

Cardboard Coffins

Our cardboard coffins are made from unbleached pulp containing a minimum of 80% recycled paper plus wood pulp sourced from sustainable forests and use only natural starched based glues in their construction. Our Cardboard Manila is finished in uncoated cardboard and is an ideal surface for adding your own messages / pictures.
